TWO CARS DEMOLISHED; DRIVERS ESCAPE INJURY

By strange coincidence last week two Glades young men miraculously escaped death or serious injury in similar highway accidents as they were enroute to their respective homes after spending the evening with friends.

Frank Cline, local member of the police force, went to sleep at the wheel of his car as he was opposite the Everglades Prison farm on the Belle Glade - Pahokee road, the car flipped over and ended, leaped the canal, and rolled over several times. Cline was found by the Belle Glade Police on the canal bank and rushed to the Belle Glade Memorial Hospital for first aid. He suffered a gash on his leg and bruises over his body but was able to go on regular patrol the next morning.

Homey Hand, enroute to his home in Clewiston from Belle Glade, also went to sleep at the wheel. His car left the highway and plunged into the canal. He escaped without a scratch.

The cars in both accidents were a total loss.

South Bay's New Playground Now Fully Equipped - A Dream Realized - Almost Too Good To Be True

As spacious and well equipped as many city parks found in much larger towns, South Bay residents are justly proud of their new playground. The equipment being enjoyed by South Bay children is shown in their swings and bottom right side.

"It was all almost too good to be true," said Mrs. Floyd Wilder, when questioned about her efforts in securing playground equipment for South Bay's new city park.

A "dream" that began last fall when Mrs. Wilder, in talking with park superintendents in several surrounding communities, heard of the work done by the Heckscher Foundation for children, New York City, became a reality with the dedication last week of the James E. Jeffries Memorial Park and Equipment in South Bay.

Encouraged by her husband and Principal and Mrs. Pellon Morris, Mrs. Wilder wrote Mrs. Arthur Smadbeck, president of the Foundation in New York City, making known to her the equipment needs of South Bay Park. Returning from a trip to Cuba in February, Mrs. Smadbeck visited South Bay and made a survey of park needs, which resulted in donation of some \$5,000 of playground equipment for all ages of children.

Prior to her arrival City Officials had enthusiastically accepted the project and offered any needed assistance. Now a paid playground supervisor, Miss Myrtice Gilman, is on duty from 3 to 6 o'clock to oversee the children's play.

Lying adjacent to U. S. Highway 27 Park facilities are also available to passing tourists and a boon to mother's in planning children's parties.

The Roosevelt School for Negro children in South Bay, has through efforts of city officials, received and installed a comparable amount of equipment from the Foundation.

The program is sponsored by Palm Beach County School Board and the City of South Bay has donated \$100 to cover miscellaneous expenses.

Mr. Morris anticipates an enrollment of at least 100 children from South Bay alone this year. Further details on the program will be announced in next week's HERALD.

AMERICAN LEGION BOYS STAGE WORKING PARTIES

Working parties were held Tuesday and Wednesday nights this week by South Bay Legionnaires as part of their Post Home improvement program.

Monthly suppers, each second Friday, are being sponsored by the Post, fried chicken to-night, in their efforts to secure needed cash for use in the improvement program.

If you haven't been approached to buy a ticket, you may purchase yours at the door tonight. The Legion Hall serves the whole community. Let's back the boys in their efforts!

three shot vaccine test. Pins were also awarded first and third graders for their participation in the program.

During the remaining months of the year, evaluators will observe polio incidence in the test areas and collect necessary data toward determining the vaccine's effectiveness in preventing paralytic polio.

THANKS SO MUCH

I want to express my appreciation to many friends and neighbors for the cards, flowers, prayers, visits, blood donors, the men who stayed with me at night, the kindness shown my family, and many other thoughtful deeds during my recent stay in hospital from my accident.

YOU NEED YOUR CHURCH YOUR CHURCH NEEDS YOU...

A Hymn Is Born

BY CLINT BONNER

Sweet Hour of Prayer

An old carver dictates a poem—

Everybody in Colehill, England, knew William Walcott. On Sunday he preached around at different churches for his minister friends. During the week the townsfolk made his little trinket shop their favorite meeting place. He was forever whittling out novelties for children and he made his scant living carving items from ivory. Though his life was filled with adversity and he had seen many "seasons of distress and grief" there was something uplifting about the old carver's outlook on life.

One day in 1892 when Congregational Minister Thomas Salmon stopped in Walcott's shop he found his friend with more on his mind than his carving and usual optimistic philosophy. He had composed a poem and he asked the Rev. Salmon to take the words down as he recited them.

Sweet hour of prayer! Sweet hour of prayer!
That calls me from a world of care,
And bids me to my Father's throne
Make all my wishes known;
In seasons of distress and grief,
My soul has often found relief,
And oh, how sweet the promise score
By thy return, sweet hour of prayer.

Sweet hour of prayer! Sweet hour of prayer!
Thy wings shall my petition bear
To Him whose truth and faithfulness
Engage the waiting souls to bless.

Three years later, on a visit to New York, Salmon presented the old carver's poem to the New York Observer. It was printed in the September issue of 1895 but nothing of note came of it until 14 years later. Then, in 1899, a copy of it came to the attention of New York's organist and composer William Shurebray, in addition to directing choirs, writing music for some of the most famous hymns in the hymn book. Bradbury published some 60 hymn books. He immediately saw in Walcott's poem material for a hymn, set it to music and published it.

The reason William Walcott had asked the Rev. Salmon to take down his poem while he dictated it was because the old carver was blind and couldn't see to write.

And since He bids me seek His face,
Believe His Word and trust His grace,
I'll draw my strength from Him,
And wait for thee, sweet hour of prayer.

Sweet hour of prayer! Sweet hour of prayer!
May I thy consolation share,
Till from Mount Zion's lofty height,
I view my home and take my flight,
This robe of flesh I'll drop, and rise
To seize the everlasting prize,
And while passing through the air,
Farwell, farewell, sweet hour of prayer.

stone that the devil can throw at a man.

GEMS OF THOUGHT

A name is a kind of face whereby one is known.

— Fuller.

A new name for an ailment affects people like a Parisian name for a novel garment. Every one hastens to get it.

— Mary Baker Eddy.

Some men do as much daily "drugging" others as good samaritans they want one themselves, and perhaps that is the reason of it.

— Penn.

Who steals my purse steals trash; but he that filches from me my good name, robs me of that which neither harms him, and makes me poor indeed.

— Shakespeare.

Some of the fascination of a name surrender judgment hounded.

BRATLEY'S ATTEND ROTARY CONVENTION IN SEATTLE, WASH.

Mr. and Mrs. Hugh Bratley represented Belle Glade at the 45th Annual Rotary International Convention held in Seattle, Washington, June 6-10.

More than 8,000 Rotarians and members of their families were in attendance, from 80 countries of Europe, Asia, Africa, North and S. America.

Herbert J. Taylor of Chicago, was elected President of Rotary International for 1954-55, which completed its five-day session June 10. The convention registration of more than 8,000 Rotarians and guests represented 8,000 Rotary Clubs and a membership of 387,000 business and professional executives in 89 countries.

Elect to Rotary International's Board of Directors were Rotarians from Australia, Belgium, Canada and the U.S.A.

In the formal convention addresses by the Secretary of State of the U.S.A., John Foster Dulles; Rotary's President, Joseph Serrano; Chibby of Montevideo, Uruguay; and other outstanding speakers, and in the informal discussion groups, emphasis was given to the many opportunities which Rotarians have in all parts of the world to work for the achievement of one of the principal Rotary goals — the advancement of international understanding, good will and peace.

This was the first Rotary International Convention to be held in the U.S.A. since 1951, the last two conventions having been held in Paris and Mexico City.

Rotary's Golden Anniversary Convention will be held May 29-June 2, 1955, in Chicago, birthplace of the first Rotary Club in 1905, as the culmination of a world-wide observance of Rotary's 50 years of service.

JUNIORS AT FIRST BAPTIST SUNDAY SS

"Getting Acquainted With My Church", is the theme for the program in Junior Assembly this month. The theme song for the month is "Stand Up, Stand Up for Jesus", because the Army and "Soldiers of the Cross" mentioned in this song are a group of baptized Christians working together for Jesus in an organization called the Church. The subject last Sunday was "What Does Our Pastor Do?". In this lesson of Junior Assembly, the weekly banner of study and preparation is necessary before a person is ready to become a pastor, then a person who studies to do the work of a pastor feels that he has been called upon by God to do so; that it takes much more study to prepare a sermon; and that every hour of a pastor's time is filled with study, prayer, visitation and other things which a pastor is called upon to do. Next Sunday the "Work of Our Deacons" will be discussed.

Gary Norman was usher for the morning and Martha Faye Davidson pianist.

Four Juniors who had birthdays the past week were honored with the birthday song. They were Tommy Simmons, Edward Hayes, Don Hayes and John Nestor.

The weekly banner went to the class of Mr. Wadell's 10 year boys, second highest grade was Mrs. Gladys Howard's class of 12 year girls, and third was Mr. Vernon Jones' class of 12 year boys.

CHURCHES OF CHRIST, SCIENTIST

That spiritual understanding of God protects man from distress and danger, and is not subject to material laws of chance and change, will be brought out at Christian Science services Sunday.

Keynote of the Lesson-Sermon entitled "God The Preserver of Man" is the Golden Text from Deuteronomy, "The eternal God is thy refuge, and underneath are the everlasting arms" (33:27).

Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following:

"God has endowed man with inalienable rights, among which are self-government, reason, and conscience. Man is properly self-governed only when he is guided rightly and governed by his Master, divine Truth and Love" (166:7).

SUMMER SAFETY URGED BY FLA. SAFETY COUNCIL

This school term is now over and here is a timely suggestion for the parents of the 600,000 children who will be romping all over the state of Florida.

These children will be doing all the things that a child's mind can conceive. It is up to the parents and grown-ups to protect these young ones from harm. Playgrounds are provided for the children in most of the communities. This will help keep the youngsters off the streets and highways.

The largest number of children killed in traffic accidents are the five to 14 year group and most of these are killed during vacation.

"Let's all try to make this a SAFE SUMMER," urged Asher Frank, Director of the Florida Safety Council.

"Remember," continued Frank, "children do a lot of swimming without supervision. Parents are cautioned to keep their children from swimming for at least one hour after meals,

as well as themselves. Be sure there is a grown-up around and do not permit the children to be 'show-offs'.

LETTER TO THE EDITOR

(Editor's note: The following article on segregation has been submitted for publication by Mrs. Emma Rodriguez, a resident of Belle Glade.)

As I write this article, all around me I see and hear the word "Segregation" and as I see and believe, I think both races are getting too excited to fast.

The Supreme Court's decision has far from solved the problem, but has brought about immense relief to every thinking American, North and South, white and black. And even though the Court's ruling says Non-Segregation, the storm will continue to rage, but in due time, the storm will subside as all storms do.

The Courts will still have to decide as how de-segregation will be brought about. In some cases communities will move at once to do the Court's will.

Some sections will be where they are now next year and some for years to come. There will need to be more suits. But by large after a lot of problems have been solved, the South will slowly abide by the Court's decision.

I say slowly because de-segregation progress cannot be laid wholly at the white man's door. And Negroes in the South must and should know that even if the Supreme Court's decision

were implemented tomorrow, the fight against discrimination will have to continue for a long time. Our only gain is that segregation's back has been broken. For three-quarters of a century

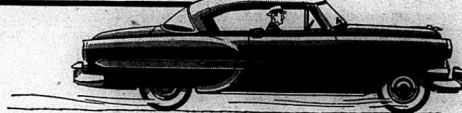

there has been segregation. The plain fact is that this getting together of the races is not as simple as it may appear to some people. I have faith to believe that over the years we'll develop

a more perfect understanding. But I do know that it isn't here yet. Education is one means of solving this segregation problem. If more of our people

were educated there would not be so many problems and it would not take so many years to solve them. A big victory has been won, but not the battle — far from it.
